

JYOTI SHARMA

WEB DEVELOPER | SOFTWARE DEVELOPER

Broadstairs, Kent, UK | +44 7466314524 | adiakijyoti@gmail.com | linkedin.com/in/jyoti-sharma-713229257/ | github.com/adiakijyoti

PROFESSIONAL SUMMARY

Motivated and detail-oriented Web Developer and Software Developer with hands-on experience building responsive, user-focused web applications using HTML, CSS, JavaScript, React, PHP, Python and MySQL. Skilled in both frontend and backend development, with practical experience creating full-stack projects, integrating RESTful APIs, and managing databases within modern development environments. Recently completed intensive full-stack development training with strong exposure to component-based development, version control, debugging and agile workflows using Git and GitHub. AWS Certified Cloud Practitioner and Microsoft Azure Fundamentals (AZ-900) certified, bringing foundational cloud and deployment knowledge alongside strong problem-solving and analytical skills. Combines previous professional experience in data handling, communication and stakeholder interaction with a growing technical skill set to deliver reliable, scalable and user-friendly software solutions.

TECHNICAL SKILLS

Frontend Development:

HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Responsive Web Design

Backend Development:

PHP, Python, RESTful APIs, API Integration

Databases:

MySQL, SQL, phpMyAdmin, Database Design & Management

Software Development:

Full-Stack Application Development, Object-Oriented Programming (OOP), Software Development Lifecycle (SDLC), Application Debugging, Performance Optimisation, Feature Development

Version Control & Collaboration:

Git, GitHub, Branch Management, Code Reviews, Agile Development Principles, Team Collaboration

Testing & Documentation:

Application Testing, Bug Fixing, Technical Documentation, Requirements Analysis

Tools & Technologies:

Visual Studio Code, Command Line Interface (CLI), Postman, GitHub Projects

Cloud & Deployment:

AWS Certified Cloud Practitioner, Microsoft Azure Fundamentals (AZ-900)

Core Competencies:

- Full-Stack Web Development | Frontend & Backend Development | RESTful API Development & Integration
- Responsive & Mobile-First Design | Component-Based Architecture | Clean Code Principles
- Debugging & Troubleshooting | Version Control & Collaborative Development
- Problem Solving & Analytical Thinking | Software Project Documentation

EDUCATION & CERTIFICATIONS

- Full Stack Development Programme | ITonlinelearning | 2025–2026 (HTML, CSS, JavaScript, React, Python, PHP, SQL, Git, Command Line)
- AWS Certified Cloud Practitioner
- Microsoft Azure Fundamentals (AZ-900)
- Bachelor of Education | Kurukshetra University, India
- Master of Business Administration | Sikkim Manipal University, India
- Bachelor of Arts | University of Delhi (P.G.D.A.V. College), India

PROJECTS

Full Stack Task Manager Application

PHP | MySQL | JavaScript | REST API | 2025

- Built a full-stack task management application with full CRUD functionality
- Designed relational database schema using MySQL (tables, relationships, constraints)

- Developed RESTful APIs to connect backend and frontend layers
- Implemented dynamic UI updates using JavaScript for improved user experience
- Managed version control using Git and GitHub

React Applications

React | JavaScript | CSS | 2025-2026

- Developed multiple React applications using component-based architecture
- Built reusable components and implemented state management
- Designed responsive and user-friendly interfaces
- Published projects on GitHub as part of a development portfolio

JavaScript Web Applications

HTML | CSS | JavaScript | 2024-2025

- Built interactive applications including calculator, to-do list, and image gallery
- Used DOM manipulation and event-driven programming techniques
- Strengthened core logic-building and frontend development skills

Python Applications

Python | 2024-2025

- Developed beginner-level applications including currency converters and data tools
- Applied core programming concepts including logic flow and data processing
- Improved understanding of backend fundamentals

PROFESSIONAL EXPERIENCE

Developer Intern (Software-App-Web) | London Success Academy | Jun 2026 - Present

- Participating in a structured UK-based developer work placement programme focused on software, web, and application development.
- Developing and enhancing real-world inspired web applications, internal business tools, and API-driven systems.
- Contributing to frontend and backend development tasks using modern development practices and coding standards.
- Implementing features based on functional requirements while producing clean, maintainable, and well-documented code.
- Debugging applications, testing functionality, and improving performance through iterative feedback cycles.
- Collaborating with mentors and peers through weekly development sessions and project reviews.
- Building portfolio-ready development projects and technical case studies suitable for GitHub, CVs, and technical interviews.
- Applying version control, problem-solving, and software development best practices aligned with UK industry standards.

Data Collection Interviewer | Inmoment / GDCC | Feb 2023 - Apr 2025

- Conducted structured telephone interviews using CATI systems
- Ensured accurate data collection and adherence to quality standards
- Maintained professionalism in customer-facing interactions
- Worked in a target-driven, deadline-focused environment

Teaching Assistant (Volunteer) | Garlinge Primary School & Nursery | Mar 2019 - Sep 2019

- Supported classroom learning in literacy and numeracy
- Assisted students in group and individual learning activities
- Helped with lesson preparation and classroom management

Teacher | Presidium School Dwarka, India | Nov 2011 - Dec 2012

- Delivered structured lessons and assessed student progress
- Managed classroom discipline and parent communication

Assistant Manager (DSR) & HR Executive | Creons Advertising Pvt Ltd, India | Jun 2007 - Dec 2008

- Managed recruitment and HR coordination processes
- Handled performance tracking and reporting duties
- Supported multi-branch administrative operations

Senior Coordinator | Magnum Interiors Pvt Ltd, India | Jul 2006 - May 2007

- Coordinated communication between office and field teams
- Assisted with reporting and operational planning

Customer Relationship Officer | Autolink Enterprises, India | Apr 2004 - May 2005

- Managed customer queries and service support
- Maintained accurate records and data entry tasks
